--	--------------------------

ISO 14 000

Crosible South Africa complies with the ISO 14 000 environmental standards. Although not officially accredited, all environmental standards are adhered to. Crosible South Africa does not make environmentally impact due to the nature of our fabrics and our "soft" industrial operation.

ISO 18 000

This letter is to certify that Crosible South Africa is ISO 18 000 compliant.

Safety inductions are held prior any risk work to be carried out. Monthly safety meeting are held on the 1st Monday of each month. A health and safety inspection is carried out by the Department of Labour annually.

Please do not hesitate to contact us should you require any other or additional information in this regards.
