## **Cost Benefits**

#### **ENERGY SAVINGS**

Energy Savings up to 35%

#### SAVING USING RAP

Higher RAP levels can be used with Advera WMA. In addition, some states are allowing no binder change after 25% RAP with warm mix asphalt. Check with your local agencies.

Advera WMA also improves hand work and compaction with Recycled Asphalt Shingles (RAS)

# Working with PQ Corporation

#### **MIX DESIGN**

No one wants to produce a mix in the dark. We know you want the ability to test warm mix asphalt in your laboratory, so we can supply samples, material and technical assistance.

#### DEMONSTRATIONS

PQ Corporation realizes time and money are important to you. So we supply a Project Cost Option which supplies equipment, engineering support and material in one price.

#### EQUIPMENT

PQ Corporation is working with Krendl Machine Company to bring you equipment options.

- Rentals
- Lease to buy
- Portable and Stationery Designs
- Engineering Support to tailor the equipment to your plant Requirements

## ALL THE BENEFITS OF A TRUE WARM MIX ASPHALT

## **Benefits of Advera WMA**

## AGENCIES

- Reduce Emissions (VOC and CO<sub>2</sub> up to 60% reduction)
- More Consistent Densities
- Faster Opening to Traffic
- Night Paving / Cool Temperature Paving

## **ASPHALT PLANT OWNERS**

- Increase in use of RAP (up to 55%)
- Energy Savings (up to 35%)
- Compaction Aid for Stiff Mixes Density Bonuses
- Extending Paving Season/Cold Weather Paving
- Long Hauls (over 3 Hours)
- Increased Production rates
- Paving over Crack Sealing

## **PAVING COMPANIES**

- Extending the Paving Season
- Compaction Aid for Stiff Mixes -Density Bonuses
- Longer Workability
  Longer Hauls
  Less Scrap
  Easier Hand Work
- Less Emissions at Paver
- Cooler working conditions (50-100° F cooler)

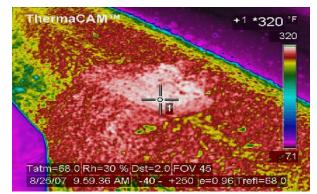

"Your Warm Mix Asphalt was consistently processed at 240-250° F and the hand work was just as easy as hot mix asphalt."

## Why Advera WMA?

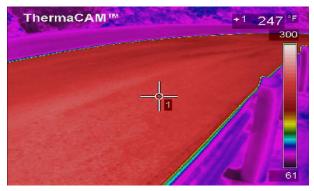

- Time-released moisture for longer workability
- No Change to the PG Grade of the Binder
- No measurable changes to Volumetrics
- Flexibility in dosage
- Lower production temperatures
- Mix design can be tested in the laboratory
- Made in the USA

## **Densities Bonuses**

More consistent densities with Advera WMA

## HMA
