

Spotlight on... "Flexi-Tray"

# SERPRO

## WORK TRAYS WITH BOUNCE-BACK FLEXIBILITY

- Made from rubberised plastic: strength with flexibility
- Stand on the sidewall, it will bounce back up
- Drive over the tray, the sides pop back up
- Easy to wheel plant and equipment into
- Easily folded and stored
- Shallow Flexi-Trays - available empty or with grids for dispensing/storage areas
- Deep Flexi-Trays - to fit PN01 and PN02 Plant Nappy®

**Flexible...**  
resistant to damage, even when trodden on, or driven over

**Resilient...**  
springs back into shape after bending

**15 TONNE TRACTOR DRIVES OVER A FLEXI-TRAY AND THE SIDES JUST POP BACK UP!**

### Workmat

**Perfect** as a **work mat** under plant and vehicles.  
**Comfortable & insulating** to work on.  
**Contains** any leaks and spills.

### Dispensing Tray

Flexi-Tray with grids makes a super easy **dispensing** or **storage area** for containers. Leaks and spills are **contained** in the tray so the floor stays **clean**.

### Drip Tray

The **flexible sidewalls** make it easy to get plant and equipment into the Flexi-Tray. Easily **folded or rolled** for storage in vehicles.

*...unlike this ruined metal tray!*
